SUBJECT: Customer Satisfaction Program 13N03
Certain 2009 Through 2013 Model Year Fusion, Milan, Escape and Mariner Vehicles
Throttle Body Extended Coverage

PROGRAM TERMS
This program extends the coverage of the Throttle Body to 10 years of service or 150,000 miles from the warranty start date of the vehicle, whichever occurs first. This is a one-time repair program. If a vehicle has already exceeded the time or mileage limits, this coverage will last through January 31, 2015. Coverage is automatically transferred to subsequent owners.

NOTE: This program applies to affected vehicles which are beyond the terms of the New Model Vehicle Warranty coverage.

Affected vehicles are identified in OASIS.

REASON FOR PROVIDING ADDITIONAL COVERAGE
Affected vehicles may develop contamination on the internal motor contacts of the Throttle Body, resulting in intermittent electrical connectivity. If this condition is present, the Malfunction Indicator Lamp (MIL) or Wrench light will illuminate and the vehicle may enter a Failure Mode Effects Management (FMEM) of default throttle position with fixed RPM. In this mode, engine power and vehicle speed are reduced, while full function of the power steering, power braking, lighting, and climate control systems are maintained.

SERVICE ACTION
If dealer diagnosis of an engine warning lamp on an affected vehicle identifies the Throttle Body as the causal component, dealers are authorized to replace the Throttle Body under this program. This service must be performed at no charge to the vehicle owner.

NOTE: Dealers will be notified later this spring when an updated powertrain calibration is available for some affected vehicles, which will improve vehicle performance in the event that contamination of the Throttle Body motor contacts occurs.

OWNER NOTIFICATION MAILING SCHEDULE
Owner Letters are expected to be mailed the week of January 27, 2014. Dealers should repair any affected vehicles that exhibit the covered condition, whether or not the customer has received a letter.

OASIS ACTIVATED?
Yes, OASIS will be activated on January 17, 2014.

FSA VIN LIST ACTIVATED?
No, FSA VIN list will not be activated for this service action.

STOCK VEHICLES
Do not perform this program unless the affected vehicle exhibits the covered condition.

SOLD VEHICLES
Only owners with affected vehicles that exhibit the covered condition will be directed to dealers for repairs.

TITLE BRANDED / SALVAGED VEHICLES
Affected title branded and salvaged vehicles are eligible for this service action.

RELATED DAMAGE
If a related damage condition exists that you believe to be caused by the covered condition, call the Special Service Support Center to request approval prior to the repair of any related damage. Requests for approval after completion of the repair will not be granted.

ADDITIONAL LABOR TIME
- If a condition exists that requires additional labor to complete the repair, call the Special Service Support Center to request approval prior to performing any additional labor. Requests for approval after completion of the repair will not be granted.
- If you encounter aftermarket equipment or modifications to the vehicle which might prevent the repair of the covered condition, call the Special Service Support Center.

OWNER REFUNDS
- Ford Motor Company is offering a refund for owner-paid repairs covered by this program if the repair was performed before the date of the Owner Notification Letter. This refund offer expires July 31, 2014.
- Dealers are also authorized to refund owner-paid emergency repairs that were performed away from an authorized servicing dealer after the date of the Owner Notification Letter. There is no expiration date for emergency repair refunds. Non-covered repairs, or those judged by Ford to be excessive, will not be reimbursed.
- Refunds will only be provided for the cost associated with diagnosis and replacement of the Throttle Body.

CERTAIN 2009 THROUGH 2013 MODEL YEAR FUSION, MILAN, ESCAPE AND MARINER VEHICLES — THROTTLE BODY REPLACEMENT

OVERVIEW

Affected vehicles may develop contamination on the internal motor contacts of the Throttle Body, resulting in intermittent electrical connectivity. If this condition is present, the Malfunction Indicator Lamp (MIL) or Wrench light will illuminate and the vehicle may enter a Failure Mode Effects Management (FMEM) of default throttle position with fixed RPM. In this mode, engine power and vehicle speed are reduced, while full function of the power steering, power braking, lighting, and climate control systems are maintained. If dealer diagnosis of an engine warning lamp on an affected vehicle identifies the Throttle Body as the causal component, dealers are authorized to replace the Throttle Body under this program.

SERVICE PROCEDURE

1. If normal diagnosis leads to Throttle Body Replacement, refer to Workshop Manual (WSM) Section 303-04.

Your Vehicle Identification Number: 12345678901234567

At Ford Motor Company, it has been our goal for more than 100 years to provide customers with high-quality, dependable products. In order to maintain these standards, Ford Motor Company is providing additional coverage under Customer Satisfaction Program 13N03 for your vehicle, with the Vehicle Identification Number shown above.

What is the reason for this additional coverage program?

Your vehicle may develop contamination on the internal motor contacts of the Throttle Body, resulting in intermittent electrical connectivity. If this condition is present, the Malfunction Indicator Lamp or Wrench Lamp will illuminate, and the vehicle may also enter a Failure Mode Effects Management strategy. In this mode, the engine power and vehicle speed is reduced, while full function of the power steering, power braking, lighting, and climate control systems are maintained.

In the interest of customer satisfaction, Ford Motor Company is extending the warranty on the Throttle Body to a total of 10 years or 150,000 miles from the warranty start date, whichever occurs first. This is a one-time repair program.

If your vehicle has already exceeded the time or mileage limits listed above, this coverage will last through January 31, 2015. Coverage is automatically transferred to subsequent owners.

This coverage exceeds the original warranty coverage provisions of your vehicle for this part.

What will Ford and your dealer do?

If the Throttle Body on your vehicle requires replacement based upon diagnosis of an engine warning lamp, and your vehicle is within the indicated time/mileage limitations, Ford Motor Company has authorized your dealer to replace the Throttle Body free of charge (parts and labor).

NOTE: You will be notified, later this spring, when an updated powertrain calibration is available for your vehicle that will improve vehicle performance in the event that contamination of the Throttle Body motor contacts occurs. The recalibration will also be available to you at no charge.

How long will it take?

If the component mentioned above requires replacement, the time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time.
What should you do? If your vehicle exhibits an engine warning lamp, contact your dealer and request a service date for Customer Satisfaction Program 13N03. Your dealer will need the Vehicle Identification Number printed near your name at the beginning of this letter. If dealer diagnosis identifies the Throttle Body as the causal component, and your vehicle is within the indicated time/mileage limitations, your dealer will replace the Throttle Body at no charge under this program. Please keep this letter as a reminder of the extended warranty coverage for the Throttle Body on your vehicle. If you do not already have a servicing dealer, you can access www.Fordowner.com for dealer addresses, maps, and driving instructions.

Have you previously paid for this repair? If you paid to have this service done before the date of this letter, you may be eligible for a refund. Refunds will only be provided for service related to a Throttle Body replacement. To verify eligibility and expedite reimbursement, give your paid original receipt to your dealer before July 31, 2014. To avoid delays, do not send receipts to Ford Motor Company.

What if you no longer own this vehicle? If you no longer own this vehicle, and have an address for the current owner, please forward this letter to the new owner. You received this notice because our records, which are based primarily on state registration and title data, indicate that you are the current owner.

Can we assist you further? If you have difficulties getting your vehicle repaired promptly and without charge, please contact your dealership’s Service Manager for assistance.

RETAIL OWNERS: If you still have concerns, please contact the Ford Motor Company Customer Relationship Center at 1-866-436-7332 and one of our representatives will be happy to assist you. For the hearing impaired call 1-800-232-5952 (TDD). Representatives are available Monday through Friday: 8:00AM - 5:00PM (Your Local Time).
