Re: (Reminder) F56 Shock Absorber Rear Axle

As a reminder, we have implemented a VIN-specific parts ordering process for this shock absorber due to Service Information Bulletin B33 01 14. This Service Action involves F56 MINI Hardtop Vehicles produced from April 7, 2014 through May 14, 2014.

There have been multiple orders placed which we have cancelled because of excessive ordering. There are only 4 shocks that need to be replaced out of 86 affected vehicles. Please follow the inspection measure as per the SIB and request the shock absorber only as needed.

The part number involved in this repair is blocked from dealer order.

Please send the form in the SIB to Tom.Digregorio@bmwna.com. Once your request is verified by Tom, an order will be placed on your behalf using the last seven of the VIN as your dealer purchase order (PO) number.

All orders will be placed as VOR in the order they are received. Orders Received after Local VOR cut off time will be shipped the following day. Multiple requests for the same VIN will be cancelled.

Thank you,

Parts Logistics
