LINCOLN:

2015 MKC

ISSUE

Some 2015 Lincoln MKC vehicles built on or before 7/19/2014 may exhibit the Approach Detection/Welcome Lighting feature being inoperative with no diagnostic trouble codes (DTCs) present during self-test. When this occurs the Approach Detection system will remain inoperative until the body control module (BCM) is reset.

ACTION

Reprogram the BCM to the latest calibration using IDS release 91.05 or higher. Make sure you are connected to the internet when entering module programming to guarantee you are receiving the latest updates. Calibration files may also be obtained at www.motorcraftservice.com

OPERATION	DESCRIPTION	TIME
140152A	2015 MKC: Retrieve DTCs, Reprogram The BCM And Clear Codes (Do Not Use With Any Other Labor Operations)	0.3 Hr.

WARRANTY STATUS:

Eligible Under Provisions Of New Vehicle Limited Warranty Coverage

Warranty/ESP coverage limits/policies/prior approvals are not altered by a TSB. Warranty/ESP coverage limits are determined by the identified causal part and verified using the OASIS part coverage tool.

DEALER CODING

BASIC PART NO.	CONDITION CODE

NOTE: The information contained in Technical Service Bulletins is intended for use by trained, professional technicians with the knowledge, tools, and equipment to do the job properly and safely. It informs these technicians of conditions that may occur on some vehicles, or provides information that could assist in proper vehicle service. The procedures should not be performed by "do-it-yourselfers". Do not assume that a condition described affects your car or truck. Contact a Ford, Lincoln, or Mercury dealership to determine whether the bulletin applies to your vehicle. Warranty Policy and Extended Service Plan documentation determine Warranty and/or Extended Service Plan coverage unless stated otherwise in the TSB article. The information in this Technical Service Bulletin (TSB) was current at the time of printing. Ford Motor Company reserves the right to supercede this information with updates. The most recent information is available through Ford Motor Company's on-line technical resources.
