Applicability

2013- 2015 FR-S
APPLICABLE VEHICLES

2014, 2013, 2015

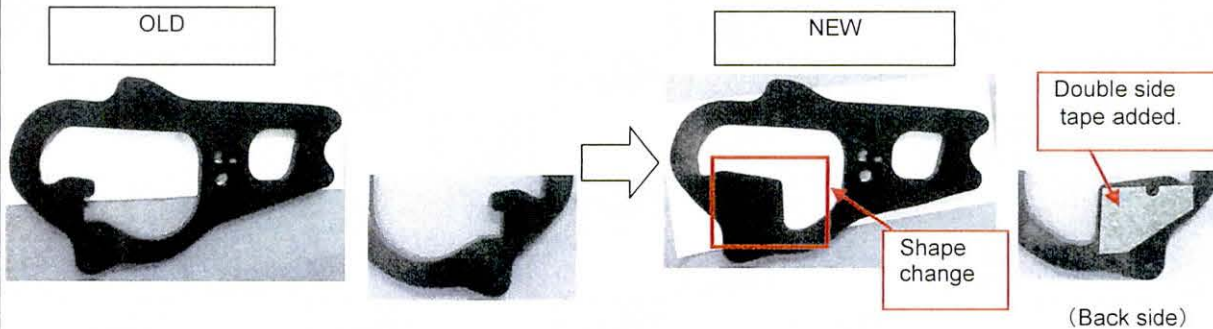

FR-S

CONDITION

Effective 9/2013 the rear combination light housing and gasket were changed to reduce the possibility of insect intrusion into the rear combination light housing.

This Tech Tip is being published as a reference for using current level gaskets with previous level rear combination lights.

Do not use prior level gaskets on newer tail lights. It is permissible to install current level gaskets with previous level tail lights.

RECOMMENDATIONS
Gasket change Detail
