Vehicles**

SUBJECT:

BLUE LINK COMMANDS DURING PDI

Description:

This bulletin supplements the Pre Delivery Inspection (PDI) check sheet part E. Refer to the table below for acceptable Blue Link commands during enrolled and not enrolled states (provisioning). The Intelligent Voice Recognition (IVR) system gives access to voice response menu services.

IVR Commands

Press the Blue Link button to access to voice-response menu:

Provisioning State	15 MY Genesis DH IVR Options	All other Blue Link Equipped IVR Options	Notes
Not enrolled	Vehicle Report	Vehicle Report	Start vehicle with all DTC codes cleared and GDS scan tool disconnected. (Refer to 12-BE-05-2 for details). System will respond with "Blue Link Inspection Command Received"
Enrolled	Service Link	Service Link	Schedule service appointment
	Roadside Assistance	Roadside Assistance	Enhanced Roadside Assistance
	Blue Link Account Assistance	N/A	Account assistance
	Help	N/A	Repeats menu options
	Blue Link Service Complete	Blue Link Service Complete	Start vehicle with all DTC codes cleared and GDS scan tool disconnected. (Refer to 12-BE-05-2 for details)
	Blue Link Maintenance Complete	N/A	Use after any maintenance is completed

Applicable Vehicles:

- Vehicles equipped with the Blue Link System

Warranty Information:

Normal warranty applies.

Press The Navigation Button For Navigation-Related Services:**Blue Link Telematics System**

Navigation Demo (POI Search by voice command): This feature is available on all Blue Link equipped vehicles except the 15 MY Genesis Sedan (DH). The middle Navigation button on the rearview mirror can be used to demonstrate POI (Point of Interest) searches.

Google Local Search: Currently, this feature is for 15 MY Genesis Sedan (DH) only. Press the center Navigation button on the rearview mirror for Destination Search. (Destination Search Powered by Google).
