## **PROGRAM AND PRODUCT UPDATES**

#### After-Sales Parts Performance (YASPP):

ASPP tool has been disabled as of August 1, 2014. ASPP will no longer be used for reporting and monthly data entry is not necessary. ASPP is also not required to qualify for CVP credit. A new parts performance reporting tool is currently in development and will be introduced in early September 2014.

#### Parts Inventory Management - In Dealership Consulting Program

In support of the new Order/Return Policy, SmartCo Services LLC has been selected to conduct the one-day in dealership training. The training will introduce dealership management to the latest trends and techniques in managing parts inventories as well as focus on operational improvements in the areas of system settings, special order parts, lost sales tracking, service level performance, inventory turnover and stock order utilization.

Please refer to the Parts Inventory Management – In Dealership Consulting Program NCA dated August 1<sup>st</sup> for program details.

## **PROGRAM AND PRODUCT UPDATES (continued)**

#### **Theft-Related Parts (TRP) Form**

The TRP Ordering form has been updated and now available on the PAC website (Programs & Policy  $\rightarrow$  Theft-Related Parts Policy (TRP)  $\rightarrow$  TRP Ordering Form). The TRP policy is under review and the update will be posted on the website once completed. Inquiries should be directed to Marvin Sims, (201) 573-2455 or Marvin.Sims@mbusa.com.

#### 2014 Service Contract Program Changes - Program Launch

New and enhanced Service Contract products will be launched on September 3<sup>rd</sup>. Customers may choose ELW, Premier PPM and Star PPM packages specifically tailored for the M-B vehicles while making your dealership the 1<sup>st</sup> place they'll go for all of their service and repair needs. Please see the 2014 Service Contract Program Changes – Program Launch NCA dated August 22<sup>nd</sup> for additional information.

### MBUSA Oil Program – Portfolio Simplification

Two new products in varying package styles, both of which are Specification 229.52. These products will allow you to only carry and use one oil product for all Diesel Applications. We now offer a complete line up of M-B genuine engine oil and only available through the dealer network. Please see MBUSA Oil Program – Portfolio Simplification NCA dated August 22<sup>nd</sup> for additional information.

## TIP of the WEEK: Checking ETA on GLC/MBUSI referrals with Available Stock

In Paragon 2.0 if a part ordered refers to GLC/MBUSI, you can obtain an immediate ETA if the Vendor has available stock.

- Go to Reports > Exception Report
- Execute a search using the order date and any other criteria
- Click the "Special Procurement" button to view the drop down, then select the "All" option
- Now, the triple-box symbol will appear in the "SP Status" column, and the lead time will appear in the "Special Procurement Text" column
