Important Warranty Extension Information Mercedes-Benz USA, LLC

Ralph S. Fisher

General Manager
Customer Assistance Center

January, 2015

Dear Mercedes-Benz Owner:

In our continuing efforts to enhance the satisfaction of our customers, Mercedes-Benz USA, LLC (MBUSA) has decided to extend the warranty for certain fuel tank components in certain Mercedes-Benz vehicles. Specifically, the warranty on the fuel tank, fuel filter/sender, fuel pump, and related gaskets (collectively the "Covered Fuel Tank Components") for gasoline-fueled, non-PZEV certified Model Year 2003 – 2009 E-Class and 2006 – 2011 CLS-Class vehicles will be extended from the original 4 years / 50,000 miles (whichever occurs first) to 15 years, regardless of mileage. This warranty extension applies to covered vehicles regardless of ownership. If during this period your vehicle experiences a leakage from any of the "Covered Fuel Tank Components" described above and it is determined that it is due to a warrantable condition that would have been covered had it occurred during the original warranty period, this warranty extension will cover the necessary part(s) and labor to repair or replace the component(s).

It is important that any repairs made under this warranty extension are performed by an authorized Mercedes-Benz dealership. This warranty extension does not cover any other components in the fuel system or otherwise extend any other warranty coverage on the vehicle. Standard warranty terms and exclusions apply to all other components.

As a reminder, you should continue to follow all instructions and recommendations in your Owner's Manual, including avoiding overfilling of your fuel tank and having your vehicle serviced and maintained at an authorized Mercedes-Benz dealership. Among other things, your fuel system requires periodic replacement of your fuel filter under regular scheduled maintenance.

If your vehicle has exceeded the original warranty coverage period and you have already paid to have any of the "Covered Fuel Tank Components" repaired or replaced for a warrantable condition, you may be eligible to receive reimbursement under this warranty extension. Reimbursement for your replacement costs may be obtained by presenting adequate documentation of those expenses to an authorized Mercedes-Benz dealer. All requests for reimbursement are subject to review and approval by MBUSA. Requests for reimbursement may include expenses for covered Mercedes-Benz replacement parts, labor, fees and taxes. Reimbursement may be limited to the amount the repair would have cost if completed by an authorized Mercedes-Benz dealer. Please contact an authorized Mercedes-Benz dealer for more information on obtaining this reimbursement. To locate an authorized dealer see www.MBUSA.com/dealerlocator.

Please place this letter with your vehicle's warranty information for future reference. In addition, please apply the enclosed warranty extension label to the inside back cover of your vehicle's Service and Warranty information Booklet for future reference.

We hope that you are enjoying your Mercedes-Benz and appreciate your continued loyalty.

Sincerely,

Mercedes-Benz USA, LLC

Mercedes-Benz New Vehicle Limited Warranty Coverage Addendum

**Warranty Coverage Extension
(Covered Fuel Tank Components)**

The following applies to gasoline-fueled, non-PZEV certified Model Year 2003 – 2009 E-Class and 2006 – 2011 CLS-Class vehicles.

The Mercedes-Benz New Vehicle Limited Warranty coverage on the "Covered Fuel Tank Components", specifically, the fuel tank, fuel filter/sender, fuel pump, and

related gaskets is extended to 15 years/unlimited miles from the vehicle's warranty start date.

If during this period your vehicle experiences a leakage from any of the "Covered Fuel Tank Components" described above and it is determined that it is due to a warrantable condition that would have been covered had it occurred during the original warranty period, this warranty extension will cover the

necessary part(s) and labor to repair or replace the component(s).

Other components of the fuel system are not covered under this warranty extension.

This extension of the Mercedes-Benz New Vehicle Limited Warranty coverage applies to these vehicles regardless of ownership. All other warranty terms apply to this extension.
