**Warranty Extension: 2009–14 Pilot Front Suspension Rear Lower Arm Bushing**

VIN: <VIN>

Dear <First Name/Last Name>:

On some 2009–14 Pilot vehicles, the front suspension rear lower arm rubber bushings (compliance bushing) may crack resulting in a leak or suspension noise because of exposure to heat and ozone in the atmosphere. To ensure your confidence in our product, American Honda is extending the warranty of the front suspension rear lower arm bushings to 7 years from the original date of purchase or 100,000 miles, whichever comes first. This warranty extension provides coverage for the current owner and any subsequent owners. No action is required on your part unless you experience a problem. The warranty extension is valid except for any vehicle that has ever been declared a total loss or sold for salvage by a financial institution or insurer, or has a branded, or similar title under any state's law.

**What should you do?**

If there is any noise or fluid leak from the front suspension area, come in to have your vehicle inspected. If the noise or leak is caused by the front compliance bushing leaking, the dealer will repair your vehicle free of charge. Please plan to leave your vehicle at the dealer for one full day to allow them flexibility in scheduling.

**Lessor Information**

Please forward a copy of this notice to the lessee.

**What to do if you feel this notice is in error**

Our records show that you are the current owner or lessee of a 2009–14 Pilot involved in this warranty extension. If this is not the case, or the name/address information is not correct, please fill out and return the enclosed postage-paid Information Change Card. We will then update our records.

**Extensión de garantía: Bujes del brazo inferior trasero de la suspensión delantera de la Pilot 2009–2014**

VIN: <VIN>

Estimado <First Name/Last Name>:

En algunos vehículos Pilot 2009–2014, la goma de los bujes (bujes elásticos) del brazo inferior trasero de la suspensión delantera puede agrietarse con el resultado de una fuga o ruido de la suspensión debido a la exposición al calor y el ozono en la atmósfera. Para asegurar su confianza en nuestro producto, American Honda está extendiendo la garantía de los bujes del brazo inferior trasero de la suspensión delantera a 7 años de la fecha original de compra o 100.000 millas, lo que ocurra primero. Esta extensión de garantía brinda cobertura al propietario actual y a cualquier propietario subsiguiente. No se requiere ninguna acción de su parte a menos que usted experimente algún problema. La extensión de garantía es válida excepto para cualquier vehículo que se haya declarado como pérdida total o vendido como chatarra por una institución financiera o compañía de seguro, o sobre el que se haya emitido un título de "mercancía averiada" o similar conforme a las leyes de cualquier estado.

**¿Qué debe hacer?**

Si hay cualquier ruido o fuga de líquido desde el área de la suspensión delantera, haga una cita para la inspección de su vehículo. Si el ruido o fuga es ocasionado por fuga de los bujes elásticos delanteros, el concesionario reparará su vehículo sin costo alguno. Por favor haga planes para dejar su vehículo en el concesionario por un día completo, para permitirles flexibilidad en la programación.

**Información para el arrendador**

Por favor envíe una copia de esta notificación al arrendador.
