

CSC-10058748-2642

April 2015

Dear General Motors Customer:

This notice is sent to inform you that General Motors is conducting a Voluntary Emission Recall that includes your vehicle.

Reason For This Recall: General Motors and US Environmental Protection Agency emissions testing of 2011-2013 Chevrolet Cruze vehicles equipped with a 1.4L engine and an automatic transmission found vehicles that did not comply with the carbon monoxide emissions standard on the US06 emissions test. This test measures tailpipe emissions during high speed/high load conditions.

What Will Be Done: Your dealer will reprogram the engine control module (ECM) to revise the fuel enrichment strategy as required. This service will be performed for you at **no charge**.

What You Should Do: Please contact your dealer as soon as possible to arrange a service date. Instructions for making this correction have been sent to your dealer. Please ask your dealer if you wish to know how much time will be needed to schedule, process and repair your vehicle.

If you have any questions or need any assistance, just contact your dealer or the appropriate Customer Assistance Center at the number listed below.

Division	Number	Text Telephones (TTY)
Chevrolet	1-800-222-1020	1-800-833-2438
Guam	65-6267-1752	
Puerto Rico – English	1-800-496-9992	1-800-833-2438
Puerto Rico – Español	1-800-496-9993	1-888-889-2438
Virgin Islands	1-800-496-9994	1-800-833-6537

Emission Law Information: In order to ensure your full protection under the emission warranty made applicable to your Chevrolet Cruze vehicle by state and federal law, and your right to participate in future recalls, it is recommended that you have your vehicle serviced as soon as possible. Failure to do so could legally be determined to be lack of proper maintenance of your vehicle. Also, your vehicle may fail a state or local emission inspection if this recall is not accomplished.

IMPORTANT MESSAGE FOR CALIFORNIA RESIDENTS

The California Air Resources Board (CARB) requires vehicle emission recalls be completed prior to California registration renewal. Uncorrected emission recalls will result in the inability to renew your California vehicle registration.

At the time of emission recall completion, your California dealer will issue a "Proof of Correction Certificate". Keep this certificate and, if required, present it to the Department of Motor Vehicles when renewing your California registration as proof of recall completion.

We are sorry to cause you this inconvenience; however, we have taken this action in the interest of your continued satisfaction with our products.
