| SUBJECT: SEDONA (YP) – HECU VARIANT CODING | | |

This article provides information related to variant coding the Hydraulic and Electronic Control Unit (HECU) module in 2015MY Sedona (YP). When replacing the HECU module, it is required to variant code the replacement module with a correct code (see table below) using GDS or KDS.

| Part number | VSM Equipped | Variant Code |
|-------------|--------------|--------------|
| 58920 A9350 | Yes (+) | 00 00 00 30 |
| | No (-) | 00 00 00 10 |
| 58920 A9450 | Yes (+) | 00 01 00 30 |
| | No (-) | 00 01 00 10 |
