Subject	Part Return Request: 2003 MDX SRS Harness Kits						

On September 18, 2013, Acura notified NHTSA of a Safety Recall for some 2003 MDX vehicles for the issue covered in service bulletin 13-038, Safety Recall: Electrical Noise May Cause Inadvertent Airbag Deployment. On January 27, 2015, Acura notified NHTSA of a revised repair for that recall.

The original repair consisted of the installation of an electronic noise filter to counter inadvertent airbag deployments due to electronic interference. After further testing, Acura has observed a small number of inadvertent deployments in vehicles that already received the recall repair. Due to this, Acura has determined that the SRS unit should be replaced in all affected units.

Updated SRS Kits are now available for open order, and service bulletin 15-011, Safety Recall:SRS Unit has been revised with parts, warranty and repair procedure information.

ReturnRequest

You must return all SRS Harness Kits (06772-S3V-A00) you have in inventory.

No Shipment Listing or Invoice is required for this return. These returns will not be charged against your SRA credit.

Return iN OAR Procedure

1. Complete the iN OAR procedures.
2. Use Reason Code "R" with eleven zeros for the Shipper Number.
3. Use Item Number "9999."
4. Enter "SRS Harness Kit Return" in the Remarks Section.
5. When approved an "Authorization Return document" via the mail will be received. Please return parts as normal with the "Return Authorization attached."
6. Return P/N 06772-S3V-A00 on your returning DSO Truck or normal method of return.

After receiving the Authorized Return Documents, ship the parts freight prepaid.

You will be credited return freight charges. Order adjustment requests (OARs) must be submitted by October 30th, 2015.
