
2014 MDX with DTC P0430

Background

American Honda (AHM) is investigating certain 2014 MDXs with clients reporting a vehicle with the MIL indicator On with DTC P0430 and has no history of engine misfire or other engine issues. To fully understand the cause of this occurrence, AHM would like to collect information from the vehicle in a specific condition prior to you attempting a repair of any kind.

Qualifiers

AHM is interested ONLY if the vehicle meets the following requirements:

1. First time & repeat complaints are okay.
2. No other engine related DTC's present (other than those related to exhaust parts).

Action Required

If you have or know of such a vehicle, please call the Technical Research & Support (TRS) at 800-880-1072 prior to attempting a repair of any kind. TRS will need to record certain vehicle information and provide further instructions.

Thank you.
