<small>Applicability</small> <b>2016MY Land Cruiser</b>	

**APPLICABLE VEHICLES**

2016

Land Cruiser

**CONDITION**

Some vehicles may experience a clock display that will display a "0" during the 12 o'clock hour on the dashboard clock.

**RECOMMENDATIONS**

If this condition is found, do not proceed with diagnosis or repairs and follow the instructions below.

- Please create a TAS case and contact Technical Assistance (TAS) to submit details on any vehicle identified matching the condition described in this document prior to repair.
- If you are attempting to contact TAS on a weekend or TMS holiday, submit the requested information on the next available work day. Retain all replaced parts and technician notes for possible review with TMS TAS Product Engineer.
- When creating a TAS case, use the following case coding to ensure it is directed to the Electrical group:
  - Vehicle Interior + Meter/Gauge/Display + Clock + Abnormal Operation
