# Service Bulletin

# PRELIMINARY INFORMATION

**Subject:** **Wiper Blades Skip/Chatter Across Windshield**
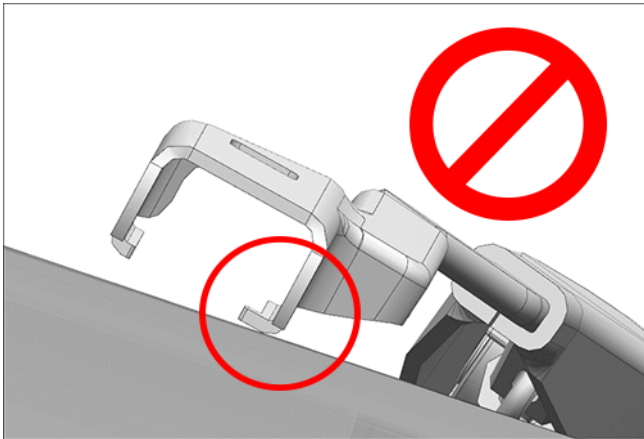

**Models:** **2015 Chevrolet Colorado**

**2015 GMC Canyon**

**Built Between October 1-31, 2014**

## Condition/Concern

Some customers may comment that the windshield wiper blade(s) skip/chatter across the windshield during operation.

Technicians may find the wiper arm(s) to be twisted in the incorrect direction, affecting the wiper blade angle, causing the wiper blade element to bind during operation.

## Recommendation/Instructions

Incorrect Wiper Arm Angle

Correct Wiper Arm Angle

If this condition exists, replace the affected wiper arm(s). Refer to the Windshield Wiper Arm Replacement in SI.

## Parts Information

| Part Number | Description |
|---|---|
| 23117445 (Left Side) | Arm, Windshield Wiper |
| 23117446 (Right Side) | Arm, Windshield Wiper |

## Warranty Information

For vehicles repaired under the Bumper-to-Bumper coverage (Canada Base Warranty coverage), use the following labor operation. Reference the Applicable Warranties section of Investigate Vehicle History (IVH) for coverage information.

| Labor Operation | Description | Labor Time |
|---|---|---|
| 2080478* | Windshield Wiper Arm Replacement | 0.2 hr |
| Add | Replace Both Sides | 0.1 hr |

*This is a unique Labor Operation for Bulletin use only. It will not be published in the Labor Time Guide.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer".  They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle.  Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely.  If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition.  See your GM dealer for information on whether your vehicle may benefit from the information.
