\*This is a unique Labor Operation for Bulletin use only. It will not be published in the Labor Time Guide.

This labor code is to be used **ONLY** for vehicles that were ordered with the no splitter option (RPO R6G). It is not to be used for vehicles built with RPO CFZ or C43. It covers the part cost and installation of the base splitter only. Claims submitted for any other reason will be rejected.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that

your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
