

Service Bulletin

PRELIMINARY INFORMATION

Subject: SES Light On Or Various Electrical Concerns

Models: 2014 - 2015 Buick Regal

2014 - 2015 Chevrolet Malibu

The following diagnosis might be helpful if the vehicle exhibits the symptom(s) described in this PI.

Condition/Concern

A customer may comment on one or more of the following.

- SES light on
- Stabiltrac and or Traction Control Light on
- Reduced Power Message
- Service Power Steering Message
- Or other various electrical concerns

When checking the vehicle for codes, multiple U-Code DTCs may be found.

Recommendation/Instructions

Inspect the Harness that goes to the (K43) Power Steering Control Module for chaffing against the rear of the Transmission Housing. Repair as necessary.

Warranty Information

Inspect the Harness that goes to the (K43) Power Steering Control Module for chaffing against the rear of the Transmission Housing. Repair as necessary.

Please follow this diagnostic or repair process thoroughly and complete each step. If the condition exhibited is resolved without completing every step, the remaining steps do not need to be performed.

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
