Subject: Missing Hybrid Function Test for MY2015 Q5 2.0L CHJA **Date: May 21, 2015**

To: U.S, Puerto Rico Dealers

This document conveys General Information.
--

It is always our joint priority to be proactive, and keep dealership service personnel up-to-date with situational information we become aware of. Now is such a circumstance.

MY2015 Audi Q5 Hybrid 2.0L (CHJA) – ODIS software version 1.19.67.3639

On the current ODIS version 2.2.4 (1.19.67.3639), the function tests for the 51 - Electric Drive and the 8C - Hybrid Battery Management systems are missing for year 2015.

In order to run any function test on the Hybrid battery system, “manually” select year 2014 instead of 2015. The selection will provide the entire function test needed to diagnosis and repair this system.

Thank you.
