## 19 Customer states engine overheating; no MIL or DTC - Repair Authorization

19 15 57 2040043/1 March 12, 2015.

Model(s)	Year	VIN Range	Vehicle-Specific Equipment
A4, A5, A5 cabriolet, A6, A7, Q5, Q7, A8	2014 - 2015	All	3.0T engine

## Condition

- Customer states that engine overheats.
- No MIL.
- No related DTCs are stored.

## Technical Background

Various parts have been replaced under warranty for the condition noted above, but no issues were identified with these parts. In an effort to gain information on the overheat condition for the vehicles listed above, we are asking that you contact the Audi Technical Assistance Center (TAC) before replacing any parts. This will assist us in diagnosing any potential issues with the condition noted above.

## Production Solution

No changes to production have been made, as no issue has been identified.

## Service

Audi of America is requesting your cooperation in supplying us with technical information regarding this condition.

1. Verify the condition, if possible.
2. If the vehicle is within the New Vehicle Limited Warranty, contact a TAC consultant before proceeding. Attach the DTC and diagnostic log to the TAC ticket.

## Warranty

This TSB is informational only and not applicable to any Audi warranty.
