### Rear License Plate Bracket

The holes on license plate bracket, provided with the Golf R, do not line up with the holes to secure the license plate. The license plate does not cover the recessed area, for the mounting pins, on the license plate bracket.

## Technical Background

Golf R license plate bracket will not align with United States specification license plates.

## Production Solution

Golf R is no longer being produced with the bracket.

## Service

The license plate bracket should not be used on the 2015 Golf R. The vehicles produced before January 30, 2015 will arrive at the dealer as shown in Figure 1. Vehicles produced after this date will have no rear license plate bracket.

**IF A LICENSE PLATE BRACKET IS PRESENT (Fig.1), REMOVE THE BRACKET FROM THE VEHICLE AND DISCARD.**
