### Resetting the service reminder display

If the service was not performed by an authorized Volkswagen dealer or an authorized Volkswagen Service Facility, the service reminder can be reset as follows:

- Switch off the ignition.
- Press and hold the **0.0** button in the instrument cluster.
- Switch on the ignition.
- Release the **0.0** button.
- If one of the following messages appears in the display:

#### Reset oil change service?

#### Do you really want to reset inspect. service?

- Confirm the request by pressing the **0.0** button in the instrument cluster. A confirmation message appears in the display when the service reminder has been reset.

**i** Do **not** reset the service reminder between service intervals; otherwise, incorrect information will be displayed.

**i** The service reminder disappears after a few seconds when the engine is running or after the **OK** button on the multi-function steering wheel is pressed.
