Using Biodiesel Fuel Blends

Dear Audi Dealer Principal, Service Manager, and Parts Manager:

Due to new Minnesota state regulations regarding biofuels, biodiesel blends of B5 or less may not be available in the State of Minnesota.

Because Audi supports the development and use of renewable fuels (such as biodiesel fuel blends), customers with 2009-2015 MY Audi TDI® Clean Diesel Engine vehicles **registered in the State of Minnesota only** will receive a communication in July 2014 regarding the use of biodiesel fuel blends in their vehicles.

Audi will continue to honor the terms and conditions of Audi Limited Warranties that came with these vehicles. Please refer to Warranty Policies & Procedures Bulletin AWA-14-05 for additional information.

Dealers with questions should contact Warranty.
