## Condition

17 15 02 May 5, 2015 2040523

Hybrid Oil Drain Plug

Engine oil leak after an engine oil change has been performed.

## **Technical Background**

Incorrect drain plug and drain plug seal installed during engine oil change.

## **Production Solution**

Informational only.

#### Service

When performing an engine oil change, ensure oil pan drain plug part number **N 902 889 01** and seal **N 013 815 7** are used. Any other combination of drain plug and seal can cause damage to the engine oil pan requiring oil pan replacement.
