Attention: This Bulletin applies to Cadillac ATS-V models only with RPO Y4Q.

Brand:	Model:	Model Year:		VIN:		Engine:	Transmission:
		from	to	from	to		
Cadillac	ATS-V	SOP MY 2016	10/16/2015			3.6L Engine (RPO LF4)	All

Condition	Some customers may comment the low mass Track Performance Battery was not included at delivery.
Cause	Batteries not shipped with vehicle to dealership.
Production	Model year 2016 Cadillac ATS-V, equipped with Track Performance Package RPO Y4Q.

Correction

A low mass AGM battery, ACDelco P/N 88865429 (LN1AGM), should be ordered through your ACDelco WD provider or via the D2D process and provided to the customer free of charge by the dealer. If you are unable to obtain a battery through your ACDelco WD or the D2D process, contact Tammy Garrow at 810-606-4045. In Canada, order through the normal parts distribution.

Service Procedure:

Low mass AGM battery (RPO JIM) to be provided to the customer for *track use only*. Battery is not intended for daily use.

Modified	

GM bulletins are intended for use by professional technicians, NOT a "do-it-yourselfer". They are written to inform these technicians of conditions that may occur on some vehicles, or to provide information that could assist in the proper service of a vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do a job properly and safely. If a condition is described, DO NOT assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your GM dealer for information on whether your vehicle may benefit from the information.
