Wiring Diagrams Updates

i-Wire provides an option to build a vehicle by VIN entry or just with Sales Code.

TAB Meeting

By now, you may have heard of the Technician Advisory Board (TAB). TAB is a group of technicians representing each US region based on Brand alignment, who have been selected to represent you. Currently, these 8 technicians, aid in identifying opportunities with regard to Aftersales Support Systems and policies.

TAB provides a conduit through which technicians can communicate issues to Group Aftersales and work collaboratively toward solutions. By identifying and discussing opportunities, Group Aftersales makes system and process modifications to positively impact the resources on which you rely.

The most recent TAB meeting was hosted at the VWGoA Headquarters in Auburn Hills, MI. Many of the subjects covered were topics provided by you through your regional TAB Board members. As a result of this meeting, several significant action items have been developed and are actively being addressed by the responsible subject matter experts.

Current Technician Advisory Board Members:

- Rene Campos – Volkswagen of Scottsdale, PAR
- Rich Cervantes – Emich VW, SCR
- Kevin Cross – Colonial Volkswagen, NER
- Victor Guida – Audi Prembroke Pines, SER
- Greg Maylaysa – Paul Miller Audi, NER
- Brian Novotny – Carter Volkswagen Inc., PAR
- Mike Pucher – Continental Audi of Naperville, SCR
- Scott Vick – Luther West Side Volkswagen, MWR

Per your requests, we have moved the Technician Advisory Board contact information from the VW Hub to ServiceNet. For a list of the TAB members by region, please refer to the 2015 Technician Advisory Board Contact List located in the Technician Advisory Board Tab, under Technician Resources in ServiceNet.

To see the items covered in the most recent meeting, you can find the most recent TAB Meeting agenda overview in the Technician Advisory Board Tab, under Technician Resources in Service Net.

Stay tuned as we provide status updates on these topics.

Thanks you for your support and hard work!

Technical Bulletins

01 15 12 - 2040171 Supersedes Technical Bulletin V011508 dated March 30, 2015 to split out warranty tables into scenarios to assist with claiming.

Model(s)	Year	Eng. Code	Trans. Code	VIN Range From	VIN Range To
