4. **Customer Handling and Dealership Follow-Up**

Toyota encourages dealerships to follow-up with their customers by telephone to remind them of the non-completed Safety Recall. A word track has been provided in the dealer letter for this purpose. To assure a consistent and accurate description of the Safety Recall is communicated to the customer, dealership associates are requested to refer to the specific Safety Recall Q&A (available in TIS) to answer any specific customer questions.

Please review this letter with your staff and familiarize them with the content to help maximize our combined customer satisfaction efforts. Please refer to the attached Dealer Letter for additional information.

Thank you for your cooperation.
