TO: Service Locations

FROM: Service Systems Development

SUBJECT: **EPA07 DD15 Piston Kits**

### **ISSUE**

At this time, the EPA07 DD15 Piston Kit part number A4720300817 is no longer available. The newer versions of piston kits are a different weight, causing unwanted engine vibrations when mixed with the old-style pistons.

### **REQUIRED ACTION**

If one or more piston kits need to be replaced in an EPA07 DD15 engine, all six piston kits **MUST** be replaced with part number A4720302317.

Detroit™ is in the process of releasing an alternate service solution.
