Re: 11 65 7 635 803 Turbo

Please be advised, part number 11 65 7 635 803 is blocked from Dealer ordering and all backorders in the system will be cancelled.

Only requests approved by TeileClearing (Service Bulletin 11 16 15) will be manually placed on your behalf in the order received once stock is available.

All TC Cases submitted prior to this DCS Message are on file and will be released by the end of next week.

Please follow the instructions outlined in the PuMA case and release the vehicles to the Customers.

Please do not contact the Parts Technical Group for an ETA as they don't have access to the file with the TC orders.

We will send an update to this DCS when the part is open for ordering again.

Thank You
