IMPORTANT: 2008-2015 Victory Vision Stage 1 VEI Decal Update (CA Models ONLY)

The Victory Motorcycle Division of Polaris Industries Inc. has determined that certain California Air Resource Board (CARB) certified Victory Vision models, equipped with approved Stage 1 accessory exhaust, must have the Stage 1 Certification decal updated. Victory has issued an updated Stage 1 Certification decal and consumer letter outlining decal application to owners of affected Victory Vision models.

As stated in the attached letter, if a consumer is not able to apply the updated decal or needs help affixing the decal to the motorcycle, they have been instructed to contact any authorized Victory Motorcycle dealer for assistance.

Decal application instructions can be found below.
