Product Update:

HKAL Body Rail Clip Relocation

PRODUCT UPDATE

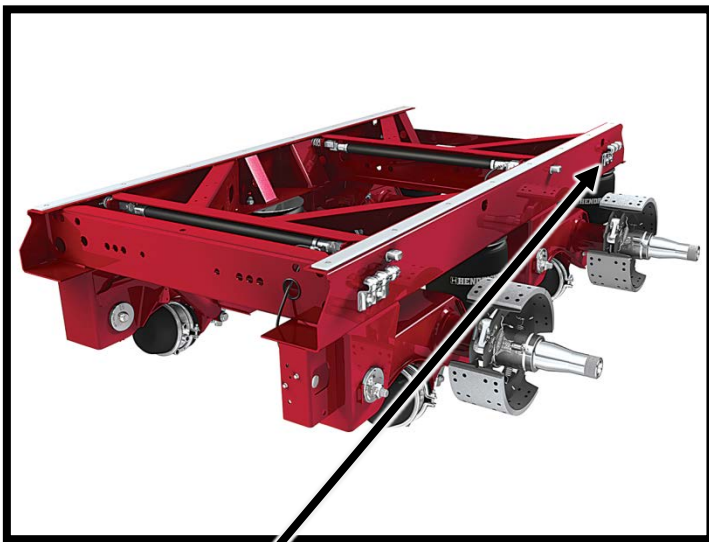

BODY RAIL CLIP RELOCATION VANTRAAX® HKAL

LIT NO: P36015

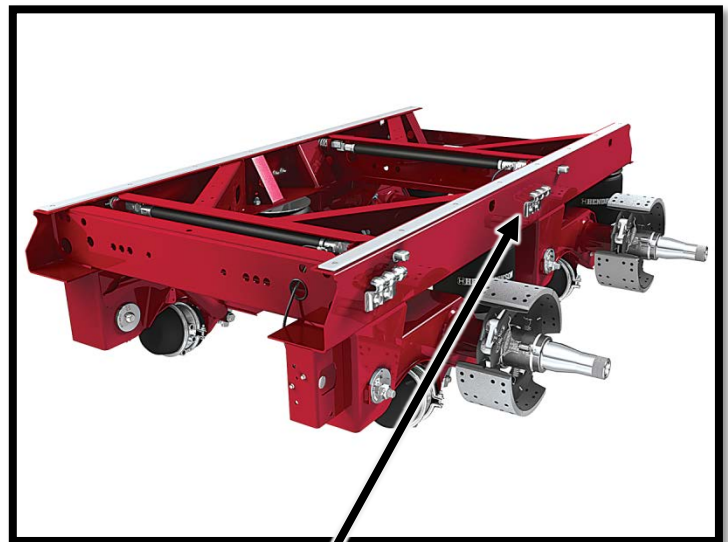

DATE: December 2015

Hendrickson Trailer Commercial Vehicle Systems announces a change to VANTRAAX® HKAL low-ride air slider systems. With shipments beginning in December 2015, HKAL models will feature body rail clips located in a more forward position on the slider box assembly.

This change has been implemented to provide increased tire clearance. The fit, form and function of the body rail clips remain unchanged; only the location of the clips will change. VANTRAAX model numbers and aftermarket service part numbers are unaffected by this change.

OLD CLIP LOCATION

NEW CLIP LOCATION

As always, Hendrickson is committed to providing world class products and customer service. Please contact your Hendrickson sales representative or call 1-866-RIDEAIR (743-3247) to speak with a customer service representative regarding this update.

*Call your trailer dealer or Hendrickson at **330.489.0045** or **866.RIDEAIR (743.3247)** for additional information.*
