**Technical Service Bulletin Notification TSB #15-023**

**Name**  
**Address**  
**City st zip**  
**country**

Dear Valued Entegra Coach Dealer:

Entegra Coach has determined certain Model Year 2016 Aspire, Anthem and Cornerstone Class A Motorhomes require a modification to the macerator hose connection and an installment of a gate valve.

Our records indicate the following Class A Motorhome/s are currently stock unit/s at your dealership and require the Bulletin Repair. The Parts Kit for each unit listed will ship to you within 3 weeks for the repair. **NO parts orders are required.**

*Serial Number*

A Technical Bulletin Notification letter was released to the current registered owner on record of each affected motor home and the parts kit will ship directly to them with instructions to contact an Entegra Dealer to set an appointment. Included in the notification letter is the recommendation that they use the bypass until the repair is completed and using prior to the repair could result in a leak.

**The coverage period for this Technical Service Bulletin is for one (1) year from the release of this notification. If you have sold the effected vehicle/s listed, please contact the current owner regarding this Service Bulletin** and process the Warranty Registration for your customer. If you have any questions regarding this Service Bulletin, please contact Entegra Customer Service at 800-517-9137.

We apologize for any inconvenience this may cause. However, we are confident that this improvement will offer continued satisfaction with your customer's Entegra Coach Motorhome.

Sincerely,  
Entegra Coach
