**SURELOK® Ride Height Lock
Mechanism**

PRODUCT UPDATE

SURELOK® Ride Height Lock Mechanism

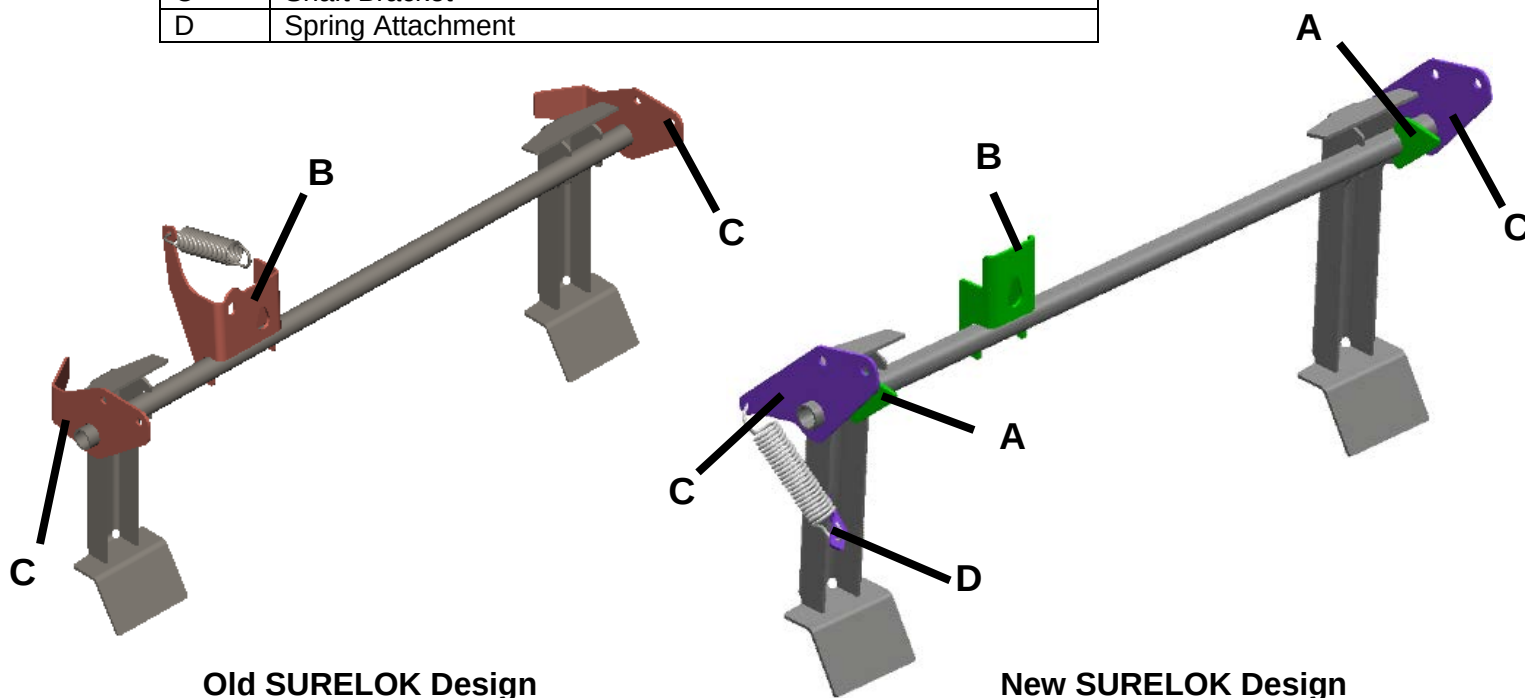

LIT NO: P36013

DATE: October 2015

Hendrickson Trailer Commercial Vehicle Systems announces changes to SURELOK® Dock Solution parts on all VANTRAAX® integrated suspension system. With shipments beginning mid-November 2015 all SURELOK assemblies will feature several re-designed components. Please refer to the diagram below. The parts listed will change in appearance; the changes do not affect the function of the system.

SURELOK Parts Changes:

A	New down-stop (removed current stop bolt - not shown)
B	Actuator Bracket
C	Shaft Bracket
D	Spring Attachment

Old SURELOK Design

New SURELOK Design

These design changes occur on VANTRAAX models only; ULTRAA-K® part numbers will not be affected. Additionally, VANTRAAX model numbers and aftermarket retrofit kit numbers will remain the same.

When replacing shaft bracket components on old SURELOK designs, part numbers will change from C-24453-1 and C-24453-2 to B-36137; the fit and function will remain the same. Please note: the old shaft bracket part numbers (C24453-1 and -2) are not compatible with the new SURELOK ride height lock assembly design.

As always, Hendrickson is committed to providing world-class products and customer service. Please contact your Hendrickson sales representative or call 1-866-RIDEAIR (743-3247) to speak with a customer service representative or obtain additional information regarding this change.

*Call your trailer dealer or Hendrickson at **330.489.0045** or **866.RIDEAIR (743.3247)** for additional information.*
