Fabric Update – 2/16/2015

After much consideration and feedback from our customers, we are pleased to announce a new line of Level 3 fabrics: *Regions*. The *Regions* line will replace Level 3 *Sherpa* & *Shire* on a rolling basis beginning this month.

What does this mean to our customers?

The *Sherpa* & *Shire* fabrics were made using a Polypropylene yarn. The new *Regions* line is made with 100% Polyester (PES).

- Reduced Fiber Degradation – Fabric exposure to weather, temperature, and humidity will last longer.
- Improved Flammability Performance-While both *Sherpa* & *Shire* and *Regions* meet or exceed FMVSS 302, PES has superior performance
- Improved Abrasion Resistance-The *Regions* material performs better on abrasion tests.

In addition to improved durability, *Regions* features ten refreshing, vibrant colors and patterns. The line includes two categories: PACIFIC (solid) and MIDWEST (multicolor).

Name		Number	Replaces	
PACIFIC	Rosa	48301	Sherpa	Maroon
PACIFIC	Dark Blue	48302	Sherpa	Dark Blue
PACIFIC	Navy	48303	Sherpa	Royal Blue
