Overview of Approved Porsche C30 Engine Oils (22/15)

Revision: This bulletin replaces bulletin Group 1, #13/15, dated October 16, 2015.

Model Year: **As of 1984**

Vehicle Type: **All Porsche vehicles for which Porsche C30 engine oils are allocated.**

Overview:

Information

Porsche AG has reached an agreement with the oil companies which involves setting a time limit on the validity of our engine oil approvals.
The period of validity is between 2 and 3 years. The expiration date of the approval is given in the last column in the list.
Once this validity period has elapsed, the approval in question is revoked unless an extension is requested by the relevant manufacturer.

BRA	Brazil	TWN	Taiwan
CAN	Canada	UAE	United Arab Emirates
CH	Switzerland	UKR	Ukraine
CHN	China	VNM	Vietnam
DEU	Germany	ZA	South Africa

Miscibility: All **engine oils approved by Porsche can be mixed provided they are of the same Porsche oil specification**. This means that it is not necessary to flush the engine when the oil is changed if another

type of oil is used. However, since every brand of oil has a specially adapted unique composition, the same brand and type of oil should be used for topping up between oil change intervals if possible.

Important Notice: Technical Bulletins issued by Porsche Cars North America, Inc. are intended only for use by professional automotive technicians who have attended Porsche service training courses. They are written to inform those technicians of conditions that may occur on some Porsche vehicles, or to provide information that could assist in the proper servicing of a vehicle. Porsche special tools may be necessary in order to perform certain operations identified in these bulletins. Use of tools and procedures other than those Porsche recommends in these bulletins may be detrimental to the safe operation of your vehicle, and may endanger the people working on it. Properly trained Porsche technicians have the equipment, tools, safety instructions, and know-how to do the job properly and safely. If a particular condition is described, do not assume that the bulletin applies to your vehicle, or that your vehicle will have that condition. See your authorized Porsche Dealer for the latest information about whether a particular technical bulletin applies to your vehicle. Part numbers listed in these bulletins are for reference only. Always check with your authorized Porsche dealer to verify the current and correct part numbers. The work procedures updated electronically in the Porsche PIWIS diagnostic and testing device take precedence and, in the event of a discrepancy, the work procedures in the PIWIS Tester are the ones that must be followed.
