ONLINE AUTOMOTIVE SERVICE INFORMATION FOR MAY 2015

45145 2015 Edge - To Drive: Press Brake And Start Button Message After Genuine Ford Accessory Remote Start Installation

After installation of a Genuine Ford Accessory remote start system, some 2015 Edge vehicles may exhibit a To Drive: Press Brake and Start Button message that stays illuminated in the Instrument Panel Cluster (IPC) message center after a remote start session is completed. After cycling the ignition key, the message may still be illuminated in the IPC message center. Update the IPC module to the latest level calibration using IDS version 95.04 or higher. Make sure you are connected to the internet when entering module programming to obtain the latest updates. Calibration files may also be obtained at www.motorcraftservice.com. For warranty claiming, use causal part 10849 and applicable 12651D labor operations in the SLTS Manual Section 10.
