All 2006~ Models - Öhlins® Fork Oil Supersession

Öhlins has recently discontinued their RT-43 suspension oil (P/N: ACC-RT43F-00-00), which is specified for 2006 and newer models, such as the FJR1300 and YZF-R6. This fork oil has now been superseded to Yamaha M1 suspension oil (P/N: 907-93380-29-00). The M1 suspension oil is an ultra-high performance 0 (zero) weight cartridge fork oil formulated for today's demanding suspension systems.

All Models - SMP Service Manager Pro®

Time can be saved on some common service jobs (e.g., fork seal replacement) if Service Manager Pro is used locating part numbers and specifications for the job. SMP can be accessed in the Yamaha Dealer System (YDS) from the Tech Library.

If this is the first time logging into SMP, refer to the Quick Start Guide. Once SMP is open, select your product line, year, and model.
