Dear Range Rover Evoque Owner,

Land Rover is conducting a no-charge Customer Satisfaction Program (Program Code Q450) for owners of 2014–2015 model year Range Rover Evoque vehicles.

You may have previously received a letter regarding Customer Satisfaction Program Q425 which related to a similar issue. This program will supersede Q425.

What is the reason for this program?

A software enhancement for your vehicle's Transmission Control Module has been developed. This software update will provide a modified gearshift strategy, in addition to improvements in gearshift quality to enhance the feel of your vehicle.

What will Land Rover and your Land Rover retailer do?

An authorized Land Rover retailer will update the software of the Transmission Control Module in your vehicle to the very latest level available. There will be no charge for this repair.

What should you do?

Contact your preferred Land Rover retailer and provide the retailer with your Vehicle Identification Number (VIN) and request a service date to complete the work required under Program Code Q450. During this visit, please take the opportunity to discuss any aspect of your vehicle's operation or performance with the Retailer team who will be pleased to assist you with any questions you may have regarding your vehicle in order for you to get the most out of its advanced features.

How long will it take?

The work will be carried out as quickly and efficiently as possible in order to minimize inconvenience to customers and is expected to take approximately 30 minutes, although your retailer may need your vehicle for a longer time due to service scheduling requirements and vehicle conditioning.

Attention Leasing Agencies: Please forward this notification to the lessee within ten (10) days.

Moved or no longer own a Land Rover?

If you are no longer the owner of this vehicle, Land Rover would appreciate the name and address of the new owner (if known); please fill out and return the enclosed return postage-paid card.

What should you do if you have further questions?
