02656 Version 1

Warranty Extension: 2016 Pilot Vehicle Warranty Mileage

AFFECTED VEHICLES

Year	Model	Trim	VIN Range
2016	Pilot	Touring and Elite	Check the iN VIN status for eligibility

BACKGROUND

There are currently two bulletins that apply to an odometer overstatement issue:

S/B 15-073, Non-Compliance Recall: Gauge Control Module – FCAN BUS OFF, Product Update: Gauge Control Module – Odometer Mileage, Gauge Control Module - Auto Door Lock Settings Resets

S/B 15-074, Product Update: Gauge Control Module – Odometer Mileage and the HDS Does Not Communicate

The gauge control module adds mileage to the odometer when the OFF mode is selected. The software update in S/B 15-073 and 15-074 addresses this issue and mileage is no longer added once the software update is applied.

To improve customer confidence, the warranty is being extended 12,000 miles for each warranty. See WARRANTY MILEAGE INFORMATION. There is no change to the warranty time.

CUSTOMER NOTIFICATION

Owners of affected vehicles will be sent a notification of this warranty extension.

Do an iN VIN status inquiry to make sure the vehicle is shown as eligible.

CORRECTIVE ACTION

On affected vehicles, a 12,000 mile increase in the mileage coverage period for all warranties must be honored. This includes Honda Certified Used Vehicles, and those Honda Care Service Contracts purchased only by the original owners.

WARRANTY MILEAGE INFORMATION

Use the chart below as a reference to determine the warranty mileage limits to the extended mileage coverage for all service repairs.

Warranty	Previous Warranty Coverage	New Warranty Coverage
Standard Warranty	3 Years or 36,000 miles	3 Years or 48,000 miles
Powertrain Warranty	5 Years or 60,000 miles	5 Years or 72,000 miles
Emissions Warranty	3 Years or 36,000 miles	3 Years or 48,000 miles
	3 Years or 50,000 miles	3 Years or 62,000 miles
	7 Years or 70,000 miles	7 Years or 82,000 miles
	8 Years or 80,000 miles	8 Years or 92,000 miles

END

CUSTOMER INFORMATION: The information in this bulletin is intended for use only by skilled technicians who have the proper tools, equipment, and training to correctly and safely maintain your vehicle. These procedures should not be attempted by "do-it-yourselfers," and you should not assume this bulletin applies to your vehicle, or that your vehicle has the condition described. To determine whether this information applies, contact an authorized Honda automobile dealer.
