SUBJECT: **GHG17 Rapid Warranty Parts Return**

GENERAL INFORMATION

If a GHG17 engine or aftertreatment system requires anything other than normal maintenance, please call the Detroit™ Customer Support Center at (800) 445-1980 first. This will allow Detroit™ to help facilitate any repairs, assist with diagnostics, and expedite part movement.

It is important to us to have select replacement parts from GHG17 engines returned to Detroit™ quickly. To help expedite this, use the shipping information and label on page two of this letter. Use this form only if a specific request is made for return of one or more failed parts. We also need the assistance of your warranty group to complete the warranty claim for reference on the shipping documentation. This will ensure the parts are identified as received and noted against the warranty claim number.

Use this document to expedite the return of material from your claim on a GHG17 engine or aftertreatment system.

NOTE: There is a new street address for deliveries of requested return materials found in the form on page two.
