SUBJECT: Service Campaign TZ7 - 2016 Sonata Plug-In Hybrid High  
Voltage Battery Cover Replacement (TSB# 16-01-008)

Hyundai Motor America is conducting a Service Campaign to replace the high voltage battery cover on certain 2016 Model Year Sonata Plug-In Hybrid vehicles. Service Campaign TZ7 provides a procedure to replace the high voltage battery cover.

In order to identify only those vehicles affected by Service Campaign TZ7, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via WEBDCS before starting the repair. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Service Campaign TZ7.

A listing of VEHICLES is also located on WEBDCS, SERVICE tab, select INFORMATION, and select UNCOMPLETED CAMPAIGN VIN LISTING - DEALER STOCK and RETAILED.

TSB #16-01-008 is available on Hyundai's Website as of March 17, 2016. It contains instructions on performing the service and submitting the campaign claim.

***A shipment of covers began shipping on March 16th to affected dealers with in stock vehicles. Additional parts can be ordered from your Facing PDC by providing an applicable Service Campaign TZ7 VIN.***

It is IMPORTANT TO SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.
