

IMPORTANT PRODUCT UPGRADE INFORMATION #160527REV August 2016

Dear Valued Monaco Motorhome Owner:

REV Recreation Group, Inc., on behalf of its manufacturing center located in Decatur, IN, is contacting the owners of certain model year 2017 Monaco Diplomat Class A motorhomes.

This notice is sent to inform you of important product upgrade information concerning your motor home.

Why is the product upgrade being offered?

A ground wire, needed for the dash air conditioner unit's condenser fan to operate, may have been omitted, thus preventing the fan from activating. If the condenser fan does not operate, the dash air conditioner may fail to cool the dash air to your satisfaction. The addition of the ground wire will correct this condition.

How can you take advantage of this product upgrade?

Please contact an **authorized REV Recreation Group servicing dealer** to schedule the upgrade procedure. The procedure is expected to require less than one hour, however additional time may be required by your dealer due to service scheduling.

The upgrade is offered free of charge to owners of vehicles still within their base warranty period, or one year from the date of this letter (whichever is later).

For assistance locating an **authorized REV Recreation Group servicing dealer**, you may visit this web page:

Or call REV Recreation Group Owner Relations toll-free at:

When you deliver your motor home for service, your dealer will complete a Repair Order. Upon completion of the upgrade procedures, please sign the dealership's Internal Repair Order.

If you have changed your address or sold the motor home, please take a moment to provide the name and address of the person or dealership you sold it to on the enclosed, postage-paid Vehicle/Owner Information Update Card and return it to REV Recreation Group. This will allow us to update our records, and if necessary, notify the new owner using the information you provide.
