Tube Replacement (TSB# 16-01-022)

Hyundai Motor America is conducting a Service Campaign to replace the a/c suction & liquid tube assembly on certain 2017 Model Year Elantra vehicles. Service Campaign TEE provides a procedure to replace the a/c suction & liquid tube assembly.

In order to identify only those vehicles affected by Service Campaign TEE, it will be necessary to access Hyundai Motor America's "Warranty Vehicle Information" screen via WEBDCS before starting the repair. The "Warranty Vehicle Information" screen will identify affected vehicles with an open Service Campaign TEE.

A listing of VEHICLES is also located on WEBDCS, SERVICE tab, select INFORMATION, and select UNCOMPLETED CAMPAIGN VIN LISTING - DEALER STOCK and RETAILED.

TSB #16-01-022 is available on Hyundai's Website as of May 3, 2016. It contains instructions on performing the service and submitting the campaign claim.

A/C Suction & Liquid Tube Assy. will be placed on "Campaign Parts Management" (CPM).

It is IMPORTANT TO SUBMIT A CAMPAIGN CLAIM FOR EACH VEHICLE SERVICED so your dealership can be compensated for your work and Hyundai can maintain accurate records of campaign completions.
