Voluntary Emission Recall V1603
Bulletin CB16-J-002

VOLUNTARY EMISSION RECALL

INCORRECT VEHICLE EMISSION CONTROL (VECI) LABEL - V1603

To: All ICTA, ICTC, VP, Regional Director, DSPM, DSM and Corporate Service Staff

This notice, Voluntary Emission Recall bulletin CB16-J-002 with sample owner letters and an affected dealer stock report and corrected VECI labels (if applicable) are being sent to notify you of this Voluntary Emission Recall Incorrect Vehicle Emission Control (VECI) Label - V1603 in certain Isuzu commercial vehicles.

AFFECTED VEHICLES

- 2016MY Isuzu N-Series Trucks
Equipped with 6.0L Gasoline Engines

CONDITION

Isuzu Motors Limited has determined that certain 2016 model year Isuzu N-Series trucks equipped with 6.0L gasoline engines were built with an incorrect vehicle emission control information (VECI) label that is not compliant with US EPA and CEPA 1999 regulations and must be corrected.

CORRECTION

Dealers are to install a new vehicle emission control label.

Since a new label can be easily installed, and to reduce customer inconvenience, the label will be sent directly to customers of record along with the installation instructions. Customers may install the label on to the engine or if they desire, they may take the label to their dealer for installation at **no charge**.

DEALER NOTIFICATION

DEALER NOTIFICATION WILL BEGIN APRIL 22, 2016.

OWNER NOTIFICATION

OWNER NOTIFICATION WILL BEGIN APRIL 22, 2016.

Please ensure that all appropriate personnel are aware of this Voluntary Emission Recall campaign.
