

June 2016

Dear 2014 Civic Hybrid Owner,

The warranty book that was provided in the glove box of your vehicle is missing several hybrid-related parts from the Emission Warranty Parts List located on the last page of the Vehicle Warranties book. To remedy this error, a new warranty book is enclosed that provides the correct coverage information. Please replace your original warranty book with this new one.

If you would like to view warranty information or any other owner information concerning your vehicle, please visit the Honda Owners website at [owners.honda.com](http://owners.honda.com) for the most current materials.

Sincerely,

**AMERICAN HONDA MOTOR CO., INC.**
