Re: **TEMPORARILY SUSPENDED:** 16-046 Product Update: Software Update for Lock-up Clutch Function
TEMPORARILY SUSPENDED: 16-052 Warranty Extension: 2011 – 12 Odyssey Torque Converter

Today, July 21, 2016, American Honda temporarily suspended service bulletins 16-046, *Product Update: Software Update for Lock-up Function* and 16-052, *Warranty Extension: 2011 – 12 Odyssey Torque Converter* from the Service Information System and VIN Inquiry due to concerns with software update VIN database mismatches. The database is expected to be updated by the end of next week, at which time 16-046 and 16-052 will be reinstated on the Service Information System. Vehicles already updated or repaired under either bulletin will not require further action due to this change.

American Honda will notify all dealers via iN message once the situation has been resolved.
