

October 2016 This notice applies to your vehicle:

RE: 2016 HR-V

Dear

What is the reason for this notice?

Our records indicate that a NON-COMPLIANCE RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. There is a possibility that the emissions certification label under the hood may be missing or have incorrect information listed. This would cause the vehicle to be noncompliant with applicable emission regulations.

What should you do?

Please contact any authorized Honda dealer for an appointment to have your vehicle inspected and, if necessary, repaired. The dealer will check to see if the emissions label is missing or has incorrect information listed. Because the label and the vehicle's VIN are matched, if your vehicle is missing the label or the label has incorrect information, a replacement label will have to be ordered and you will have to return to the dealer a second time to have it applied. This work will be done *free of charge*.

California Owners Only:

The DMV will not renew your registration until this recall has been completed. After completing the repair procedure, your dealer will give you a Vehicle Emission Recall - Proof of Correction certificate. Please make sure the dealer completes and gives you the certificate. Keep the certificate for your records as proof that the emissions recall was completed. Submit the certificate to the DMV only if the DMV requests it.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, contact Honda Automobile Customer Service at 1-888-234-2138. You may also find this information at www.Hondacars.com.

We apologize for any inconvenience this campaign may cause you.

Sincerely,

American Honda Motor Co., Inc. Honda Automobile Division

NOTICE: If this is a leased vehicle, please forward this notice to the lessee.
