**2007-2009 MY Spectra Vehicles Front Passenger OCS Sensor Mat  
Kia New Vehicle Limited Warranty Extension**

The Warranty Extension Letter sent to you on February 29, 2016 has been revised to include additional information. New/revised sections of this letter are indicated by a red bar in the margin area.

June 15, 2016

Dear Kia Spectra Owner:

Kia Motors America's highest commitment is to your safety. To that end, Kia is extending the warranty coverage for the front passenger occupant classification system (OCS) sensor mat to **15 years with unlimited mileage**, starting from the date of first service. This warranty extension addresses failures of the OCS sensor mat as reported by some vehicle owners. The sensor mat is intended to detect child seats and small stature occupants who could be harmed by deployment of the passenger frontal air bag. If the sensor mat is not working properly, the OCS will not suppress the air bag. Accordingly, if a crash of sufficient severity occurs, the air bag will deploy even if the passenger seat is occupied by a child or small stature person.

**What You Should Do:**

- **CHECK THE AIRBAG WARNING LIGHT.** Start your Spectra's engine, and observe the airbag warning light  on the instrument panel. The location of the airbag warning light is further described in the Airbag section of your Owner's Manual.
  - If the airbag warning light on the instrument panel is illuminated for 6 seconds and turns off after the engine has started, your airbag system works normally. **You do not need to contact your Kia dealer.**
  - If the airbag warning light NEVER illuminates OR if the airbag warning light remains illuminated after the engine has started, contact your Kia dealer to schedule a system diagnosis. **You will not be charged for this diagnosis.**
- **RETAIN THIS LETTER IN THE GLOVE COMPARTMENT OF YOUR KIA VEHICLE.** Place this letter in your glove compartment, together with your vehicle's other warranty information, for reference by any servicing dealer and as a record of the extended warranty in the event that a problem with the airbag system occurs.
- **AVOID PLACING SHARP AND HEAVY OBJECTS ON THE FRONT PASSENGER SEAT.** Your Owner's Manual cautions you not to place sharp objects or heavy objects on the front passenger seat of your vehicle. Please follow this instruction at all times.
- **AVOID PLACING INFANTS AND YOUNG CHILDREN IN THE FRONT PASSENGER SEAT.** Never place infants or young children in the front passenger seat, either on the seat itself OR in

a child seat. Please review your Owner's Manual for detailed information regarding this important safety action.

**Warranty Extension Coverage:**

- If, at any time within the extended warranty period, the airbag warning light is illuminated, your Kia dealership will diagnose the cause **at no cost to you**.
- If the diagnosis indicates the condition is caused by a failed passenger seat OCS sensor mat that is not caused by obvious external damage to the OCS sensor mat, Kia will replace the sensor mat **at no cost to you**. If another issue exists with your airbag system, you will be advised of that condition and of the expense of the repair needed to correct the condition.
- This supplement to Kia's New Vehicle Limited Warranty does not alter the limitations and exclusions contained in that New Vehicle Limited Warranty including external damage to the seat due to abuse, fire or water.

**What If You Have Already Paid To Have This Situation Corrected?**

If you have experienced this issue and repaired it at your own expense prior to the date of this notice, you have the opportunity to obtain reimbursement for that expense whether or not you still own the vehicle. Please mail the attached Request for Reimbursement Form along with your documentation directly to Kia for review and consideration at the following address:
