

June 8, 2016

Attention: All Dealer Principals

Kia Motors America, Inc. is extending the warranty coverage for the front passenger Occupant Classification System (OCS) sensor mat for **certain 2008-2011 MY Rio vehicles produced after December 8, 2007 and all 2006-2010 MY Optima vehicles to 15 years/unlimited mileage, starting from the date of first service.** The warranty extension will address failures of the OCS sensor mat as reported by some vehicle owners.

The sensor mat is intended to detect child seats and small stature occupants who could be harmed by deployment of the passenger frontal air bag. If the sensor mat is not working properly, the OCS will not suppress the air bag. Accordingly, if a crash of sufficient severity occurs, the air bag will deploy even if the passenger seat is occupied by a child or small stature person.

On **June 8, 2016**, the Technical Service Bulletin that provides vehicle repair procedures and the affected VIN production range will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com and the Warranty Bulletin describing this warranty extension will be posted on www.kdealer.com.

Kia will notify owners of the warranty extension according to the following schedule:

- **June 10, 2016 for the 2008-2011 MY Rio vehicle owners**
- **June 17, 2016 for the 2006-2008 MY Optima vehicle owners**
- **Late July for the 2009-2010 MY Optima vehicle owners.**

LEGAL PRIVACY LIABILITY NOTICE: Pursuant to the terms of the Dealer Sales and Service Agreement and the Gramm-Leach-Bliley federal consumer privacy act, you are required to keep confidential any and all information and documents provided to you by Kia Motors America, Inc. or generated by you in the conduct of carrying out work under that Agreement regarding Kia vehicle purchasers and owners, including but not limited to warranty claim information.

If you have any questions, please contact your Kia District Parts & Service Manager.

Sincerely,
