TOL NOTICE (US&CAN) – April 18, 2016

Service Bulletin: Brake Hose Retaining Clip Removal

Triumph has released a service bulletin regarding the lower Front Brake Hose Retaining Clip on certain Triumph Street Twin, T120 and T120 Black models. Internal investigations have identified a need to remove one of the front brake hose clips to prevent potential scratching of the front mudguard.

Dealers are requested to remove and discard the front brake hose clip as described.

Dealers must also inspect the front mudguard and brake hose for any damage. If the front mudguard or brake hose are damaged, dealers are requested to contact Triumph Warranty Technical Support for repair instructions.

Motorcycles in the affected VIN range must be modified prior to delivery to the customer, or at the next visit to the dealership.

SERVICE BULLETIN: Brake Hose Retaining Clip Removal		
Bulletin Number	Models Affected	VIN Range
530	Street Twin Bonneville T120 Bonneville T120 Black	Up to 753869

Note: Some affected motorcycles listed in the VIN range will have been modified and repaired by Triumph prior to their release from the factory. The modified motorcycles can be identified by checking the 'Outstanding Service Bulletins' on Warranty Online.

Consult this attached [SB530 PDF](#) for further details including warranty claim instructions and illustrations. You can also consult **Triumph Online (TOL) / Service Bulletin Page** (Bulletin # 530). Please ensure that all relevant staff are up to date on these service instructions.

Reminder: Use the **“VIN Enquiry”** function within TOL (found under the **Service/Technical** drop down menu) to search for any outstanding bulletins or recalls whenever a new motorcycle arrives or a Triumph owner visits your dealership.

For more information, please contact Triumph 24/7 Customer Support at 888.284.6288.
