RE: 2013 RDX

Dear Acura RDX Owner:

What is the reason for this notice?

Our records indicate that a NON-COMPLIANCE RECALL has not been completed on this vehicle; refer to the address card for the affected VIN. On a small number of RDXs, the vehicles emission certification label under the hood may have been replaced with a service label listing incorrect information. This would cause the vehicle to be noncompliant with applicable emission regulations.

What should you do?

Call any authorized Acura dealer and make an appointment to have your vehicle inspected and, if necessary, repaired. This work will be done *free of charge*.

California Owners Only

The DMV will not renew your registration until this non-compliance recall has been completed. After completing the repair procedure, your dealer must give you a Vehicle Emission Recall - Proof of Correction certificate. Please make sure the dealer completes and gives you the certificate. Keep the certificate for your records as proof that the emissions recall was completed. Submit the certificate to the DMV only if the DMV requests it.

If you have questions

If you have any questions about this notice, or you need assistance locating a dealer, you may contact Acura Automobile Client Relations at 1-888-234-2138. You may also find this information at www.myAcura.com.

We apologize for any inconvenience this non-compliance recall may cause you. We are taking this action in the interest of your continued satisfaction with your Acura vehicle.

Sincerely,

**American Honda Motor Co., Inc.
Acura Automobile Division**

NOTICE: If this is a leased vehicle, please forward this notice to the lessee.
