TT 87-12-01

Date: May 4, 2012

2005 – 2016 Jetta, 2006 – 2016 Passat, GTI, CC, Beetle, 2008 – 2016 Tiguan, 2010 – 2014 Jetta Sportwagen, - HVAC control head replaced, A/C is now inop. Ambient Temperature Sensor Reset / A/C Shut Off Code 08.

August 12, 2016: Update to Information and Applicable Model Year.

If the ambient temp sensor is disconnected / replaced or the HVAC control head is replaced, the system must be reset before checking the function of the sensor or the air conditioning. This can be performed by either road testing the vehicle over 25 mph, or with the vehicle idling for over 30 minutes.
